

Child Well-Being Network Leadership Team Meeting Notes Tuesday, February 16, 2016

- **Workgroup chairs gave reports on their January meetings.** Links to notes from each of the workgroup meetings are below:
 - [January 13th | Health \(Mental, Physical & Nutrition\) Workgroup](#)
 - [January 14th | Family Engagement Workgroup](#)
 - [January 20th | Housing Workgroup](#)
 - [January 28th | Substance Abuse Prevention Workgroup](#)
- Leadership Team members categorized the action items from each workgroup as either a policy issue (to be addressed by Leadership Team) or a tactical issue (to be addressed by the workgroups). Leadership Team members were then given three votes to help prioritize the policy issues and determine the focus of the Leadership Team.
- **The Upstate has resources that address many of the action items discussed and many people are unaware of what's available.** One resource for finding available resources is United Way's 2-1-1 service. Richard LaPratt, VP of Call Center Services for the United Way Association of SC, will be leading an info session on March 18th at 1:30PM. If you would like to attend the info session please [click here](#) to register.
