

Upstate Professional Planners Group Meeting Notes
Wednesday, May 4, 2016

- **Anderson County Planning & Community Development staff gave an update on the Highway 76 corridor.** Anderson County has determined several possibilities for collaboration with adjacent counties including: an industry/technology corridor, mixed use developments, preserving significant places and features, linking transit, or a joint corridor study.
- **Keith Brockington, with GPATS, presented on the different approaches being discussed to alleviate congestion on Interstate 85, Highway 123, and Highway 153.** Keith's presentation also included an update on the 85 – 385 Gateway project.

Next Steps

- **Upstate Forever will be conducting the Shaping Our Future scenario planning and growth alternatives analysis for the Upstate.** Throughout the analysis the Upstate Professional Planners group will serve as the Technical Advisory Committee, meeting 2-3 times to give input and provide information to help complete the analysis. More information and meeting invitations will be coming soon.
- **You are invited to join us on May 12th for an Upstate Elected Officials meeting focused on growing business in communities.** Please [click here](#) for additional information and the registration link.
