

Senior Issues Group Meeting Notes
Wednesday, November 9, 2016

- **Review and discussion on how to best present and use information collected about organizations serving seniors.**
 - In order to be as fair as possible and allow nonprofits to use any deliverables, only nonprofit organizations will be included in the deliverable.
 - A paper/printable version of the inventory will be created to include contact information and services offered.
 - Group members agreed that having an online component would also be helpful. A Google map will be created using the contact information collected.
- **In order to have the most accurate information for our inventory, deliverables, and interactive map please send any additions or edits to Tiffany Tate (ttate@tenatthetop.org).** Please click to view the current maps and listings for [food assistance organizations](#) and [housing assistance organizations](#).
- **The group is interested in putting together a senior needs communication campaign to educate the public.** If you have any data or information that should be included please email it to Tiffany Tate (ttate@tenatthetop.org).

Next Steps

- **Please review the two maps/listings linked above and send in any edits or additions.**
- **Volunteer opportunity:** after group members have finished reviewing the listings and made any necessary changes we will need a few volunteers to enter that information into a Google Map. If you are interested in volunteering to enter the data into the map, please email Tiffany Tate (ttate@tenatthetop.org).
- **Volunteer opportunity:** we are looking for a small group of volunteers to help begin building the message that will be the communication campaign. Please email Tiffany Tate (ttate@tenatthetop.org) if you are interested in volunteering.
