

# Ten at the Top

## *2023 mid-year review*

Ten at the Top continues to strive toward building the collective capacity of the Upstate through strategic initiatives and events that connect regional resources and communities.

### *Highlights*

#### **Upstate Mobility Alliance Grant**

SCDOT recently awarded UMA with a \$100,000 grant to perform a feasibility study for a transport hub at GSP.

This exciting partnership is centered around prioritizing mental health in the Upstate, holding frequent community driven discussions.

#### **SC DHEC Partnership**

#### **County Meeting**

In May, we hosted elected officials, city planners, and other community leaders to discuss the growing challenges of development in our communities.

An excellent resource for the community, our recently updated Resource Maps provide info on various regional amenities.

#### **Resource Maps**

#### **Virtual TATT Chats**

In the first 6 months of 2023, we have already seen a 41% increase in our TATT CHAT attendance from 2022. We are looking forward to continued growth, and connecting more of the Upstate!
